RE: UTU - 070660 Strip Mining - Millard
County Utah

Dear Mr. Penney:

We have reviewed a copy of the referenced mining notice. We received a copy of the notice from the Bureau of Land Management on December 10, 1993.

This project is for mining of jasper and obsidian. The product will be excavated by a backhoe and front end loader.

It does not appear that the operation as described will have any water quality impacts. No permit is required for the stated activities. However, you must advise us for review of any water quality impacts if your activities generate any wastewater which would be discharged to the ground or surface waters of the State.

If we can be of further assistance, please contact me or Mr. Lyle Stott of my staff.

Sincerely,

Kiran L. Bhayani, P.E., D.E.E., Manager
Design Evaluation Section
